Key notes about tuition programs

- Tuition programs vary from year to year. Always confirm updates on the financial aid page of the colleges you are researching.
- This list may not include all tuition programs. Some out of state institutions offer similar programs. Most Texas colleges offer some form of grant money to those who qualify and submit their financial aid application on time. For more information on grants visit:
<http://www.collegeforalltexans.com/apps/financialaid/tofa.cfm?Kind=GS>
- Submit your admissions application by the preferred financial aid deadline posted by the college in order to even receive the offer of admission and the offer for tuition coverage or assistance.
- These types of programs require that you have the FAFSA (or possibly the TASFA) on file, so be sure to begin that process as soon as the window opens October 1 and send it to the colleges you wish to receive your information.
- Most tuition guarantee programs require you to attend as a full time student (required minimum hours may vary) along with other various requirements. Be sure to read about the programs to fully understand the expectations.
