- Lubbock ISD accepts other Texas school Home Language surveys
- Out of state surveys are not valid
- Students listed as English/English are considered Non-LEP

Referral

If the Home Language Survey indicates a language other than English the student will need to have an Oral Language Proficiency Test administered.

Send original HLS to the Bilingual/ESL Department in order to add student to the testing log.

If the student enrolling comes from another Texas school district and was already in a Bilingual education or English as a Second Language program, then the registrar or LPAC representative will need to contact the previous school and obtain placement information and type of program student was enrolled.

Records to request for incoming Texas student:

Original HLS

Last Language Proficiency Assessment Committee Minutes

Copy of Oral Language Assessment Test including scores and dates

Entry Letter or Parent Denial

Assessment-Entry into Program

1. Oral Language Proficiency test for our PK-12th grade is LAS Links.

OLPT Proficiency Levels to determine eligibility:

1=Beginning

This student is beginning to develop receptive and productive uses of English in the school context, although comprehension may be demonstrated nonverbally through the native language, rather than in English

2=Early Intermediate

This student is developing the ability to communicate in English with the school context. Errors impede basic communication and comprehension. Lexical, syntactic, phonological, and discourse features of English are emerging.

3=Intermediate

This student is developing the ability to communicate effectively in English across a range of grade-level-appropriate language demands in the school context. Errors interfere with communication and comprehension. Repetition and negotiation are often needed. The student exhibits a limited range of lexical, syntactic, phonological, and discourse features when addressing new and familiar topics.

4=Proficient

This student communicates effectively in English across a range of grade-level-appropriate language demands in the school context, even though errors occur. The student exhibits productive and receptive control of lexical, syntactic, phonological, and discourse features when addressing new and familiar topics.

5=Above Proficient

This student communicates effectively in English, with few if any errors, across a wide range of grade-level-appropriate language demands in the school context. The student commands a high degree of productive and receptive control of lexical, syntactic, phonological, and discourse features when addressing new and familiar topics.

Levels 1-3 would indicate Limited English Proficient

Levels 4-5 would indicate English Proficient

Written notice is provided to parents explaining results of the OLPT.

Placement

LPAC determines eligibility, placement and recommends either a Bilingual or ESL Program. Parents are then notified of placement and must ***sign Parental Notification-Identification and Placement form.***

Coding

A PEIMS Data Collection Form is submitted to cecelia.villegas@lubbockisd.org at Bilingual/ESL Department.

- Student Name
- Date of Birth
- Grade
- Years in United Schools (PK-Kinder do not count in years of school in US).
- Type of Program placement: Bilingual or ESL
 - District only offers
 - B4=Dual Language immersion/two way

 - E3 = ESL/Pull Out
 - ONLY ELAR teacher is ESL certified

If the parent denies program, a Denial conference must be held with a representative from the Bilingual office.

BILINGUAL/ESL RECLASSIFICATION CRITERIA

The district does not RECLASSIFY an identified student from a BE/ESL Program until the end of 2nd grade.

Reclassification Criteria

A student may be reclassified at the end of a school year based on the following items:

A 2nd, 11th, or 12th grade student, who has been identified as Limited English proficient, must achieve at the 40th percentile or higher on the Language Arts and Reading portions of the Iowa Test of Basic Skills (ITBS), receive Advanced High on all portions of the Texas English Language Proficiency Assessment System (TELPAS), **and** be recommend for reclassification as reflected in a Teacher Evaluation Rubric.

A 3rd-10th grade student, who has been identified Limited English proficient, must meet the passing standard on STAAR Reading. They must **also** receive an Advanced High on all portions of the TELPAS **and** be recommended for reclassification on a Teacher Evaluation.

Parent Notification

A parent must be notified of the **placement** of their student into an English program as well as the **reclassification** of a student. An Exit letter and LPAC documentation must be completed with the information of student status. The Exit letter **must** be signed and returned by the parent.

Coding

A PEIMS Data Collection form must be completed and submitted to cecilia.villegas@lubbockisd.org at Bilingual Department.

- Student Name
- Date of Birth
- Grade
- Student Needs to be exited
 - Yes/No
 - If yes, student will be a First Year Monitor

Student then becomes a MONITOR student for four years (2nd, 3rd, 4th, and 5th)

Students who are 5th year monitors will be coded as former LEP status.

RECLASSIFICATION CRITERIA FOR A STUDENT IN SPECIAL

At or near the beginning of the school year, a meeting is to be scheduled between key admission, review, and dismissal (ARD) committee and Language Proficiency Assessment Committee (LPAC) members to discuss whether the student qualifies to possibly become reclassified from the language program.

Through this process, a determination is made about the assessments and/or English language proficiency assessment standards to be used in the reclassification process. This process ONLY applies when one or more assessments and/or English language assessments are not appropriate for the student for reasons directly associated with the student's disability.

Consideration must be Individualized Education Program (IEP) based and must include documented evidence that because of the nature of the student's disability, the student is not expected to be able to attain English language proficiency in one or more domains and no longer appears to benefit from second language acquisition support in English to address second language acquisition.

Evidence must include both historical formal and informal assessment data and direct teacher input which would take into consideration an individualized Education Program (IEP) and must include documented evidence that, because of the nature of the student's disability, the student is not expected to be able to benefit from second language acquisition support in English to address second language acquisition cognitive, linguistic, and affective needs (or is expected to reach that point during the school year).

This process is to be used to address the needs of an individual student, not groups of students. Very few students qualify to exit using the 19 TAC §§89.1226(h), (l), and (m) criteria.

Specify Assessments and English Language Proficiency Test Standards. If after reviewing the evidence, the meeting participants conclude that the student no longer benefits from second language acquisition support in English (or is expected to reach that point during the school year), the participants review the assessment information in the IEP and make reclassification criteria recommendations based on the information below. Caution should be exercised when considering reclassifying a student in Grade 2. It may be premature in these grades to consider reclassify due to developmental factors related to emergent language literacy. Additionally, in early grades it is often difficult to know the effect of the student's disability or long-term prospects for second language acquisition.

MONITOR STUDENT

If a student meets Reclassification Criteria and is academically successful, the LPAC makes the following recommendations:

- Student is no longer coded LEP in PEIMS
- Student is coded as First Year Monitor (F) or Second Year Monitor (S)
- LPAC will continue to document progress of all First and Second year students
- If student is NOT academically successful, then the LPAC may reclassify the student as LEP
- Must consider:
 - Amount of time enrolled in Bilingual Education or ESL Program
 - Grades each grading in core curriculum
 - Performance on State Assessment
 - Number of credits, if applicable (High School only)
- If student has been successful for TWO years, then monitoring is only documented to meet federal requirements.

Students with Parent Denials

All students coded as parent Denials **MUST** participate in ALL parts of TELPAS. Services will continue to be offered every year until student meets Reclassification criteria.

LPAC DECISION MAKING PROCESS FOR STAAR

Decision Making Body

- LPAC is responsible for obtaining teacher input and making assessment and linguistic accommodation decisions for ELs.
- For ELs served by special education, the ARD committee and LPAC work in conjunction to make these decisions.
- LPAC/ARD committee's guidelines will follow in the making and documenting EL assessment and accommodation decisions. These guidelines will be made available through TEA.
- Linguistic accommodations and assessment decisions are not "automatic", they are made on an individual student basis in accordance with TEA administrative procedures

Bilingual/ESL State Assessment Process

STAAR

- Grades 3-8: Reading, Writing, Mathematics, Science and Social Studies
- EOC: English I, English II, Algebra I, Biology, and U.S. History
- ELs take STAAR if they are not eligible for STAAR Spanish

STAAR Spanish

- Available for students in grades 3-5
Grades 3-5 Reading and Mathematics
Grade 4 Writing
Grade 5 Science

LPAC determines if STAAR Spanish test is the most appropriate measure of student's academic progress.

ELs in Special Education

- LPAC/ARD will determine appropriate assessment for student

The differences between assessments have to do with language accessibility:

- STAAR Spanish uses native language to help students understand test

BILINGUAL/ESL STAFF MEMBERS

Each content teacher will verify their students who are identified as Bilingual/ESL at the beginning of each year through Eduphoria. It is the responsibility of the teacher and LPAC representative to ensure that the list remains accurate throughout the year.

All teachers shall implement the English Language Proficiency Standards (ELPS) as an integral part of each subject in the required curriculum.

The teacher shall provide instruction in the knowledge and skills of the foundation and enrichment curriculum in a manner that is linguistically accommodated commensurate with the student's level of English language proficiency to ensure that the student learns the knowledge and skills in the required curriculum.

Statutory Requirements for English Learners

The LPAC is required to designate the level of academic achievement of each English language learner and designate, subject to parent approval, the initial instructional placement of each limited English proficient student in the required (ESL) program.

The LPAC may recommend appropriate services that may include content courses with ESL support provided by trained teachers, enrollment in English as a Second Language (ESL) courses, additional state elective English courses, and special assistance provided through locally determined programs.

The LPAC is required to monitor the academic progress of ELs who have exited from a bilingual or ESL program within the last two years, to determine whether the students are academically successful.

The LPAC is responsible for determining and documenting in the student's permanent record file if an Asylee/Refugee LEP student is eligible for exemption from the required state assessment.
