FINAL NOTICE—Dependent Audit—FINAL NOTICE

- Members of the health plan should have received information about the dependent audit being performed by BMI Audit Services. A dependent audit is a verification of eligibility of dependents on the plan(s). This audit requires every employee member on the health plan to provide information/documentation regarding their enrolled dependents. Participation in the audit is mandatory.
- The final deadline date to submit the required documents was May 20th, and we have notified those individuals who are not in compliance and/or who did not respond as required. The District will be moving forward in removing any unverified dependents from the health plan on or before July 1st.
- Questions? please contact BMI at 877-634-7780 or give Lisa a call

****Coming Soon—Wellness Screenings****

The District will again be providing FREE wellness screenings for employees on the District’s health plan. Be on the lookout for dates, times, and locations of the screenings.

The screenings are a key part of every employee health plan members’ annual wellness credits/points that allows the member \$75 off one’s monthly premium (for 2023 premiums/plan year). Also, the screenings this year will be compared to last year’s screening results to determine any areas of improvement achieved for wellness points towards your monthly premium credit, as well as to provide you insight into areas of your health.

Questions? Contact iaWellness at 806-765-7265

Risk Management Department:

- Lisa Thompson, Executive Director—extension 0235

- Lucinda Lucero, Clerk—extension 0280
- Jamie Flores, Executive Secretary —extension 0282
- Linda Rosebeary, FEnroll Assistance—Clerk—extension 0281

Summer Safety

- Stay Cool—stay in air-conditioned locations as much as possible—if you work outdoors, take breaks from the heat, especially during the hottest part of the day.
- Stay Hydrated—drink plenty of fluids, even if you don’t feel thirsty.
- Stay Protected—wear loose and light-weight, light-colored clothing. Wear sun-screen and when outdoors, stay in the shade and wear a hat with a wide brim.
- Watch for Signs of Heat Stress—On hot days, watch for signs of heat illness in yourself and others—heat cramps, heat exhaustion, and heat stroke are possible on hot days; some warning signs are muscle spasms or cramps; heavy sweating, weakness, dizziness, headache/nausea/vomiting; confusion/fainting; high body temperature with dry skin; and rapid pulse.
