Only eligible students are permitted to ride the school bus. Students should be at the bus stop five (5) minutes early to avoid the risk of missing the bus. Parents are responsible for the transportation of late students. In the afternoons a responsible adult must meet the bus to receive children in Pre-K, Kindergarten or First Grade, unless they have an older sibling to walk with. The bus will pick-up and drop-off only at the designated stops on the route. Students should ride only their assigned bus and should load and unload only at their regular stop. This bus schedule will be maintained as nearly as practical; however, certain uncontrollable factors such as weather, road and traffic conditions, bus trouble, and driver or student problems may cause a deviation.

This schedule may be changed during the school year to better suit operation requirements. Current bus schedules are available at www.infofinderi.com.

Loading and unloading of students is the most hazardous procedure in school bus operation and demands special attention to help ensure the safety of the students. The bus must not be pursued or stopped by late students and the bus driver must not be distracted after the bus door is closed and preparations to move the bus are underway.
