## Magnet/Specialty Information

The dates for all the Magnet/Specialty Campus Open Houses are listed below. If you are interested in having your child attend a campus for their magnet/specialty program, I would strongly encourage you to attend the Open House for that campus. Each campus' specialty is listed on the back of this paper. There is also additional information about the transfer window. Please make sure your phone number and email is up to date in the online system so you receive all the district call outs with information about transfers!

Feel free to contact me with any questions or concerns!
