

Volunteering

The following Service Learning information is for the
2019-2020 school year

Students have 2 weeks from the date of service to submit
hours and have them verified

Parents will need to provide transportation to and from all
volunteer opportunities

Activity & Reflection!

It is an expectation that you fill in the Activity and Reflection using detailed description and complete sentences. This is a part of the learning process as we begin to see the impact we can make on others by our service to and for them.
