

Miller Elementary

College and Career Week Sept. 19-22, 2017

It's never too early to begin thinking about your child's future. Getting a head start on planning could give your child a brighter future. At Miller, we are working to promote college and career awareness Sept. 19-22. According to recent legislation, elementary students should become familiar with career clusters and begin to develop vocabulary that will gear them towards education after high school. We will have some activities around school to encourage students to start thinking about going to college and/or preparing for their careers. Students are encouraged to show support and participate in our daily themes listed below.

Monday- *Student Holiday*

Tuesday- *I've Got Spirit!* Wear college shirt or jersey

Wednesday- *A Look into My Future!* Wear what you want to be when you grow up

Thursday- *Hats off to Higher Education!* Wear a hat or cap representing a college team

5th grade visits Tech and LCU

Friday- *Favorite College Friday!* Wear your favorite college shirt or jersey

Students, remember to talk to your parents about your future college and career plans and turn in your college form so that you can be entered into a drawing for prizes.
