

Matthews Alternative High School (MAHS)

Lubbock ISD Night School Education Program

The Matthews Alternative High School night school program is an educational model based on a flexible school day setting. In efforts to reduce the number of students currently coded as being at-risk of not graduating from high school, Matthews AHS offers students an opportunity for educational remediation after traditional school hours. On November 1, 2010, Matthews AHS opened its doors to facilitate a program for those students that are at least 17 years old and lack the sufficient number of credits to graduate.

- Hours of operation:
 - Monday, Tuesday and Wednesday evenings from 5:00 pm to 8:00 pm

- In order to enroll in MAHS Night School, a student must be:
 - At least 17 years' old
 - Enrolled at Matthews
 - A resident of Lubbock
 - Behind in credits
